

## "Powering Trust Through Precision"

We don't just audit—we uncover, assure, and empower.

**India's trusted partner for Audit, Risk & Compliance Services**

Director's of QSS.

## About Us

### Quick Support Solutions (QSS)

Built on trust. Driven by insight.

Established in 2015 as a Chartered Accountancy firm, and incorporated in 2025 under our current name, QSS Audit & Assurance Services Pvt. Ltd. has evolved into a nationally trusted provider of audit, assurance, and compliance advisory services.

With ISO certification, proprietary tech, and a strong pan-India presence, we help organizations strengthen governance, transparency, and risk control. Our proven 360° Assurance Framework — Performance, Protection & Proof — ensures your business stays compliant, secure, and audit-resilient.

## Our Mission

To empower organizations with insightful, transparent, and technology-driven audit and assurance services, enabling them to strengthen governance, mitigate risks, and enhance operational performance across all sectors.

## Vision

To be India's most trusted and innovative partner for audit, risk, and compliance — delivering assurance that drives sustainable business growth, stakeholder confidence, and regulatory excellence.

## Industries We Serve

QSS supports diverse sectors with tailored audit and compliance solutions, including Retail, Manufacturing, Infrastructure, Hospitality, FMCG, Corporates, SMEs, Financial Services, Tech Startups, Government, Nonprofits, Regulatory Bodies, and Investors — ensuring control, transparency, and governance at every level.

## Our Core Services

QSS delivers tech-enabled solutions in Audit & Assurance, Inventory & Asset Management, Retail Showroom Audits, Manpower Outsourcing, and Background Verification via our digital platform, QuickEx™ — ensuring compliance, transparency, and audit readiness across all business functions.

### Audit & Assurance

From internal controls to ESG audits, we help businesses comply, optimize, and scale.

### Inventory & Fixed Asset Management

Nationwide stock audits, barcode tagging, and GAAP-based reconciliations for transparent asset tracking.

### Retail Showroom Audits

Specialized SOP and inventory audits tailored for the dynamic retail sector.

### Manpower Outsourcing

Deploy vetted, trained, and audit-ready staff for operations, facility management, and audits.

### Background Verification (BGC)

Tech-powered verifications through QuickEx™ — secure, real-time, and tamper-proof.
